RESPONSE TO OFFICE ACTION

Dear Sir:

In response to the Office Action of the Examiner mailed June 22, 1994 from the Patent and Trademark Office in the above-identified application, the time period for response having been extended by the accompanying petition to November 22, 1994, applicants respectfully request that the following remarks be considered.

REMARKS

The Examiner has rejected claims 1-7 under 35 U.S.C. §103 as being unpatentable over Gromen. The Examiner states that Gromen recites a method for serial transmission in which a word which consists of individual bits is input into a word
